COMPANY POLICIES

- Faults arising from defective material or workmanship are covered by our five year guarantee.
- We ask for a deposit of 20% of the total order price as deposit, with the balance to be paid upon completion of the installation.
- We cannot guarantee that we will be able to start or finish the work on the proposed day. We accept no liability for losses resulting from delays.
- We cannot undertake any electrical work other than installing light fittings which are connected by a plug into a fixed wall socket. We do not reposition burglar alarms or other electrical boxes.
- We need space to work in the room concerned. We would ideally like the room to be empty, and existing units dismantled and removed. Items which may be in the way while carrying the furniture into the house should be removed.
